Dennison T-Shirt Graphics
Celebrates 5th Year Anniversary !

Dennison T-Shirt Graphics was started in February 2007 with Wright Cut in downtown Dennison as the ‘storefront’ and Scott & Leann Trammell's home being the production area.

Accomplishments thus far include:

2007- Opened the doors with a Direct-to-Garment Printer and a wide format printer to produce banners, posters, and decals.

2008- A screen printing department was added.

2009- The business went global with a website that featured a T-Designer that let customers design over 30 items online.

2010– The business moved to 131 Commercial Avenue SE, giving the company more room for production, a large showroom and plenty of parking.

2011- An embroidery department and promotional products were added to the company's line up.

2012- To keep up with technological advancements, Dennison T-Shirt Graphics now offers a FREE APP for iPhone, Droid, and Blackberry users.

At Dennison T-Shirt Graphics we offer Direct to Garment Printing, Screen Printing, Embroidery, Banners, Trophies, Plaques, Decals, Promotional Products, and Much More.....

We take pride in our work and we continue to look for ways to better serve our customers.

Owners are: Scott & Leann Trammell and Terry Wright.

Visible, Active Senior Management Leadership

Visible senior management leadership within your organization promotes safety management as an organizational value. Senior management, including the top executive on site, must be the role models for how all employees should work to create a safe work environment.

	Issue a written safety policy as a core value of the organization and assign roles and responsibilities. (Reference Step 9).
	Establish both annual and long-term safety goals.
	Include safety as an agenda item in all regularly scheduled business meetings.
	Regularly review progress of the safety and health processes with supervisors and employees.
	Accompany supervisors, safety team members or safety committee members during periodic departmental safety surveys.
	Review and discuss all accident investigation reports with the supervisor or foreman.
	Personally present safety awards or give recognition to deserving employees.
	Openly discuss safety issues with employees during periodic tours or meetings.
	Participate as a student in employee safety training programs.
	Review minutes of safety team or committee meetings.
	Review safety survey reports.
